## Recommendations

Following are the Recommendations

- 1) keep the duration around 152.10 minutes.
- 2) Drama is a must spice.
- 3) Release the movie during the end of the year
- 4) Rope in Lee unkrich director if at all its gonna be (Animation,Adventure,Comedy) genres.
- 5) You can still be on these actors if they are alive :
  - Charles Chaplin
  - Tom Hanks
  - Robert De Niro
  - Leonardo DiCaprio
- 6) If box office is a concern don't be too much worried about the ratings they have least to do with boxoffice collections.
- 7) Just don't try to blend too many genres into a movie there hasn't been a single movie with more than 3 genres together.
- 8) There is possibility that a movie can be into top 250 even it being a single genre film, Take your chances.
- 9) An english movie produced in US,UK and released in multiple languages has greater possibilty of topping the list.
- 10) Spanish, French are two good potential sources of topping a list apart english.
- 11) Mandarin, Latin, Portuguese have good potential of making box office apart from english.
- 12) Roping in more star actors ain't gonna get box office collections.
